# Examples of Re-Use of Existing Facilities

---

- ❑ Former mill buildings converted to offices, residences and artist space
  - ❑ Former disk drive facility now the NYCDEP West of the Hudson facility
  - ❑ Former steel fabrication shop now the Steelhouse Restaurant
  - ❑ Revitalization of the Kirkland Hotel by RUPCO
  - ❑ Former brownfield sites now cleaned and redeveloped
  - ❑ Waterfront tank farm and scrap yards cleared and redevelopment is in the planning stage
  - ❑ For every dollar in public infrastructure, there has been a six dollar private sector investment
